

Moving to Singapore?

Your preparation checklist

Build a Singapore move plan around the pass you need, the work you will do and the practical arrangements for your household.

01 Map your move

Record your origin, possible destination, intended dates and who is moving. Note what is decided and what is still open.

02 Record what stays and what changes

List homes, family arrangements, work, accounts, investments and business interests that need attention.

03 Gather the useful records

Keep relevant housing, travel, identity and financial records together. Note missing documents rather than guessing.

04 Prepare your questions

Which employment, business or family pass should I investigate?

What should I check about tax residence and my income?

Which housing, registration and departure steps should I coordinate?

05 Choose your next step
